1. Col. Hansen and I talked with Mr. Becker, DD/I, concerning the Congressional presentation for which his offices were supplying information. It was agreed that all of the necessary material was now completed and the responsibility for arrangements as to time, etc. fell within the jurisdiction of DD/A.

I also handed Mr. Becker my memorandum of 17 March regarding my conversation with Mr. Borden, Executive Director, Joint Congressional Committee on Atomic Energy. It was agreed that paragraph 3 would be treated on an Eyes Only basis and that Mr. Becker would relay the information to the DCI. I also informed him that the DCI had received a letter from Jack Gorrie, Chairman, NSRB, forwarding the assumptions and conclusions of the Committee meeting to consider the dispersal of Government sites. These documents have been passed on to AD/OSI for comment as to the reasonableness of the assumptions.

3. Mr. John Dougherty, Security Officer of MSA, called to ask whether CIA planned to press an investigation or security complaint in connection with Mr. Berger's security breach with the House Foreign Affairs Committee. I stated that in my opinion General Smith did not plan to push the matter any further and that the matter was not of primary concern to CIA, whose interest was only collateral. I stated further that in view of the fact that Mr. Crawford, Chief Clerk of the Committee, had made every attempt to get back or classify the outstanding copies, CIA would take no further action in the matter.
